IN RE: APPLICATION SERIAL NO. 77/721,117

BLUE CROSS AND BLUE SHIELD
ASSOCIATION,

Opposer,

v.

FRANADS LLC

Applicant.

Opposition No. _____

NOTICE OF OPPOSITION

Opposer Blue Cross and Blue Shield Association, a not-for-profit membership-based corporation organized and existing under the laws of the State of Illinois, doing business at 225 North Michigan Avenue, Chicago, IL 60601-7680, brings this Opposition against Application Serial No. 77/721,117, filed by Applicant Franads LLC, having an address of P.O. Box 12187, 400 Dorla Court, Zephyr Cove, Nevada 89448.

1. On information and belief, on April 23, 2009, Franads LLC ("Applicant") filed Application Serial No. 77/721,117 (the "Application") under Section 1(a) of the Lanham Act. On information and belief, the Application was published in the U.S. Patent & Trademark Office's *Official Gazette* on May 25, 2010. The Application on its face seeks to cover, "Healthcare," in International Class 44. The Application describes its subject mark ("Applicant's Mark") by stating: "The mark consists of Word 'FRAN' in upper-case black letters, followed by the word 'Health' with upper-case 'H' and lower-case 'ealth' letters in black. Cross in light blue and medium blue is running through letter 'N.'" The design codes assigned to Applicant's Mark note that Applicant's Mark is a "Cross, Maltese; Cross, ankh; Other crosses, including ankh, Maltese." Additionally, the Application states, "The color(s) black, light blue, and medium blue

is/are claimed as a feature of the mark.” In sum, Applicant’s Mark specifically includes a blue cross as a central element.

2. Opposer Blue Cross and Blue Shield Association (the “Association”) is a national association of 39 independent, community-based, and locally operated BLUE CROSS® and BLUE SHIELD® companies (“Member Plans”). The Association represents the nation’s oldest and largest family of health benefits companies. For over 75 years, the Association (including through its predecessors in interest and its Member Plans and licensees) have provided millions of families with top-quality affordable health insurance. The Association’s Member Plans currently provide health care coverage for nearly 100 million people in the United States—or about 1 in 3 Americans—and offer coverage in all 50 states, the District of Columbia, and in Puerto Rico. More than 90% of hospitals and 80% of physicians in the United States contract with the Association’s Member Plans—more than any other insurer. The Association’s Member Plans currently provide coverage for half of all Fortune 500 companies and more than three-quarters of all Fortune 100 companies.

3. The BLUE CROSS and BLUE SHIELD brands are the most recognized in the health insurance industry in the United States—and among the most recognized in any industry. The Association is the owner of the BLUE CROSS design marks—as well the BLUE CROSS word mark, the BLUE SHIELD word mark, and other marks consisting of the image of a blue cross or the image of a blue shield (or both)—and licenses the use of various such marks to its Member Plans and other licensees for the provision of health and life insurance, health-care delivery services, financing access to health care, and other related goods and services. The Association (including through its predecessors in interest and its Member Plans and licensees) has been using these trademarks and service marks since at least as early as 1934 (BLUE CROSS) and 1939 (BLUE SHIELD).

4. Currently, in the United States alone, the Association owns approximately 200 valid and subsisting U.S. federal trademark and service mark registrations. Many of the U.S.

federal registrations have become incontestable under Section 15 of the Lanham Act.

Additionally, the Association owns similar trademark and service mark registrations in more than 170 countries throughout the world. All these (along with numerous trade names and common-law marks) form a "family" of BLUE trade names, trademarks, and service marks ("Blue Marks"). Under the Lanham Act, the Association's incontestable U.S. federal registrations are conclusive evidence of the Association's exclusive right to use or authorize the use of the Blue Marks in commerce.

5. The Association (including through its Member Plans and licensees) has extensively used, advertised, and promoted the Blue Marks throughout the United States. For instance, in 2009 alone, total system-wide gross revenue surpassed \$356 billion. The Association (including through its Member Plans and licensees) spends millions of dollars in advertising and promoting its marks, services, products, and image, thereby creating substantial goodwill in the marketplace. As a result, the general public recognizes the Blue Marks separately and collectively as identifying the Association and its Member Plans and licensees—and the quality services they render. The Blue Marks are an asset of incalculable value to the Association; and it has vigorously and successfully protected its marks. Moreover, at least as far back as 1977, federal district courts and other legal panels such as the World Intellectual Property Organization Uniform Dispute Resolution Policy Panel have expressly recognized the fame of the Blue Marks in designating the services of the Association (and its Member Plans and licensees) in the context of trademark disputes or litigation.

6. Among the Blue Marks are a wide range of marks consisting entirely or substantially of either the words BLUE CROSS or an image of a blue cross (or both) (the "Blue Cross Marks"). Historically and through the present, these Blue Cross Marks span a variety of differently configured crosses; and historically and through the present, the Association (including through its predecessors in interest and its Member Plans and licensees) has used and does use the Blue Cross Marks in a wide range of blue colors, from light to dark and

through a variety of hues and tones. Several of the Association's U.S. federal trademark registrations for its Blue Cross Marks are identified as "Marks Cited by Opposer as Basis for Opposition" in Opposer's electronic submission of this Opposition.

7. Applicant's Mark is confusingly similar to one or more of the Association's Blue Cross Marks. Among other things, Applicant's Mark features a blue cross as a central element; on information and belief, Applicant's Mark is in fact used by Applicant in blue; and the services listed in the Application are similar to, overlap with, or are otherwise the type to be seen as emanating from the same source under a single mark as those services designated by the Association's Blue Cross Marks. In sum, Applicant's Mark is therefore likely to confuse, cause mistake among, or deceive the relevant public into believing that Applicant is sponsored by, endorsed by, or in some manner related to the Association (or its Member Plans or licensees).

8. On information and belief, Applicant selected its mark in the Application, began using this mark, and continues to use this mark with full knowledge of the Association's Blue Cross Marks and with the intent to confuse, cause mistake among, and deceive the public into believing that Applicant's services are of the same high quality as or are in some way associated with the services of the Association (or its Member Plans or licensees).

9. The above-described use of Applicant's Mark is likely to impair and has impaired the distinctiveness of the Blue Marks, and in particular the Blue Cross Marks, and their ability to identify and distinguish the goods and services of the Association—and has also harmed the reputation of the Association and these marks by associating them with Applicant.

10. Likewise, registration of Applicant's Mark, as described in the Application, will injure the Association by causing the relevant public to be confused, mistaken, or deceived to the detriment of the Association, by diluting the distinctive quality of the Association's famous Blue Cross Marks, and by harming the reputation of the Association and its marks by associating them with Applicant.

For the reasons set forth in this Notice of Opposition, the Association believes that it will be damaged by the registration of Applicant's Mark in the Application. Accordingly, Opposer Blue Cross and Blue Shield Association prays that the Application be denied registration.

The Association (through its counsel) hereby authorizes the requisite filing fee in the amount of \$300 to be charged to Hanson Bridgett LLP's U.S. Patent & Trademark Office Deposit Account No. 08-0630; and the Commissioner is further authorized to charge any deficiencies or other amounts due in connection with this filing to Deposit Account No. 08-0630.

Respectfully submitted,

BLUE CROSS AND BLUE SHIELD ASSOCIATION
